

## Time and Change: Columbus Campus (2004 - 2025)

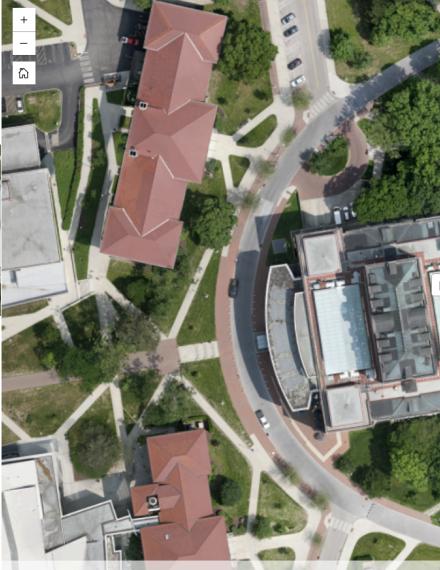

Swipe Bar

### Instructions

Swipe between 2025 (left) and 2004 (right). Use the swipe bar to show or hide imagery. Navigate using the navigation at the bottom of this window.

### Thompson Library

The library was renovated in 2009, transforming it into a modern study and research hub while preserving its historic character. By 2025, it remains the centerpiece of campus, with updated study spaces, digital resources, and continued landscaping changes around the Oval. Notice how the western portion of the Oval was redefined and Neil Avenue was split to improve pedestrian access.
